High School and Specialist Science College

**Proposal to change the category of  
Tytherington High School & Specialist Science College  
From 'Community' to 'Foundation'**

Notice is given in accordance with section 19(3) of the Education and Inspections Act 2006 that the Governing Body of Tytherington High School & Specialist Science College intends to make a prescribed alteration to Tytherington High School & Specialist Science College, Manchester Road, Macclesfield, SK10 2EE. The proposed alteration is to Change School Category from Community to Foundation from 01 January 2012.

The governors propose to become a Foundation School in order to improve standards of attainment. The government is keen to encourage successful schools to apply for Foundation Status since it provides increased autonomy to local stakeholders. This will enable the school to better fulfil its motto of 'Achievement for All' and the existing mission statement of 'An inclusive learning community encouraging excellence, respect and personal fulfilment'. The Governing Body is committed to working with a wide variety of partners to fulfil its mission including Cheshire East local authority.
