

Innovative Inspiration

Innovate, Tytherington's catering company, have recently been running a competition for THS students to win an iPod and an iPad. Two Year 7 students, Kate Hooley and Ryan Renshaw were drawn as the lucky winners on Wednesday, 23rd March. Katie was the fortunate winner of the iPad, and Ryan is the proud owner of a brand new iPod. The students were presented with their fantastic prizes in the Hall just before lunchtime on Thursday, 24th March. Both were delighted with their prizes, and hopefully this competition will promote the new Innovate catering facilities and encourage our students to sample the culinary delights of our refectory!
